### REASONS FOR ALLOWANCE

The amendment and request for consideration filed August 3, 2000 have been received and entered into the file.

Applicant's amendments distance the instant claims from the prior art medicament delivery systems, and methods of use. An exhaustive literature search failed to produce any reference to the claimed medicament delivery systems for the use herein claimed. Although compounds claimed by Applicant, reside in the prior, the prior art use fails to state, or suggest the differential, and sustained, release use herein claimed. Specific medicament mixing steps herein claimed are recited, or envisioned by the prior art. Applicant has identified an unrecognized need residing in the prior art, and set forth a novel and unobvious medicament therapeutic regimen to meet this therapeutic goal.

Any inquiry concerning this communication should be directed to Russell Travers at telephone number (703) 308-4603.
